Barry Franklin, Editor Submissions: barry.franklin@sympatico.ca

Due Date for the July. 1st 2018 Issue: June 30th.

The PRESIDENT'S CORNER
Earle DePass, Captain, COPA Flight 59

They're finally here...longer and brighter days and the warm weather...I mean! Here's hoping you get in lots of flying over the next while.

Things have been quite busy for Flight 59 over the last three months. It is with much pleasure that we have turned up our new website linked to COPA. Many thanks to our Director of Communications and Advertising, Eric for all of his hard work with setting up the site and uploading materials. Please continue to provide us with your ideas and comments.

Our March 10, 2018 meeting featured a very interesting and worthwhile PowerPoint presentation by Carter Mann of COPA. Carter explained some of COPA's activities and the issues surrounding them. We also enjoyed meeting Mrs. Mann and the social time which followed. Our April 8 fly-out to the Flying Club in Picton (Eric, Kevin and Earle) was very pleasant and allowed us to forge a new relationship with that club.

The NAV CANADA presentation on April 14, 2018 at the NAV Centre went well. Members found lots here. The presentation included flying through the Montreal and Ottawa airspace as well as special precautions necessary while flying around Quebec during the June G-7 summit. Those who came to that meeting had a real treat! It allowed us to forge some new ties with fliers from St. Lazare.

Planning for our Father's Day 2018 Fly-In breakfast continue nicely. Thanks to those who came to the special meeting on April 17 to help refine details. Our Mont Tremblant raffle ticket sales are on fire!

The 11 members who came to the Rust Remover session on Thursday, April 26 featuring Roger Hildeshein from the *Smiths Falls Flying Club* found the time well spent and the information received very useful.

Our first Pot Luck lunch on April 29, 2018 in the trailer was a lot of fun. Thanks to Mike and Aline for all of their hard work with cleaning the trailer making it so spotless. The three couples who came out enjoyed each other's company. Perhaps the plan to hold this type of an event every last Sunday of the month will materialize?

I look forward to seeing you at our next meeting, planned for May 12, 2018. The meeting will feature breakfast from Barry's Hangar (#4) followed by what promises to be an exciting presentation from Luc Martineau on Aerobatics. We hope to see you there!

At the time of this writing, plans for COPA for Kids on May 5, 2018 are in full swing. We anticipate 57 Junior Aviators will benefit from this unique experience. Thanks to the crew of 7 pilots and 3 Ground Crew who have agreed to come out and spent their resources in support of this worthwhile initiative.

I wish you happy and safe spring and summer flying!

Sincerely,
Earle DePass

ORIGINAL COPA FLIGHT 59 CERTIFICATE ...FOUND !

The Original COPA Flight Certificate from 1997 was finally found. This original Charter from COPA was presented to our first Flight Captain, CFC President Steve Small when he incorporated the Cornwall Flying Club into a COPA Flight
